- Implant Crowns
- White Fillings
- Corrective Surgery

Dr. Roediger's vision and approach to aesthetic dentistry is comprehensive.

Assessing the Need

First and foremost, your patient's dental and cosmetic needs and wishes are fully explored. Dr. Roediger completes a thorough assessment and diagnosis of patient needs, focusing not only on dental care, but also on cosmetic results and longterm dreams of having 'that perfect smile.'

Planning

Dr. Roediger's experienced history includes procedural planning to meet a wide range of patient needs. Comprehensive treatment plans are customized to fit each patient's specific circumstances.

Treatment Design

After the patient's needs have been identified, Dr. Roediger develops an individualized treatment architecture. At the heart of every plan is an unparalleled commitment to quality service.

Prevention & Long Term Care

Dr. Roediger's philosophy is holistic: aesthetic treatment is combined with patient education and long-term preventative care to maintain a smile that lasts a lifetime.
